Update

The following is provided to the CPPC Executive Committee by way of a brief update.

- The work on the 2010 Comprehensive Plan Update continues. The draft version of the plan has been compiled and was presented to the general public at a public information and input forum held on December 15, 2010. The forum was well attended and the participation of the working groups was excellent. The comments received are being incorporated into the draft of the 2030 Comprehensive Plan which will be a discussion between the Planning Commission and Board of Supervisors at the upcoming Planning Commission retreat.
- The Board of Supervisors is scheduled to hold a public hearing on CPPA #01-01 for Tasker Woods at their January 12, 2011 meeting. Previously this CPPA was recommended for further study by the Board of Supervisors, and endorsed by the CPPC and Planning Commission.
- The draft CIP which was previously endorsed by the CPPC at your November meeting was recommended for approval by the Planning Commission and is scheduled for a public hearing at the Board of Supervisors on January 12, 2011.
- A draft land use plan is being worked on by the Middletown Steering Committee for an area adjacent to the Town of Middletown. It is anticipated that this Plan will be presented to the CPPC at an upcoming meeting.
